

Solda-Met™ 2C

Soft Solder Flux

Solda-Met™ 2C is a relatively non-corrosive liquid flux recommended for use on copper and brass. It is active up to 350°C and is particularly effective with the tin based soft solders. The residues should be removed after soldering by immersion in hot or cold water.

Standard	Proprietary	
Melting Range	180°C - 350°C	
Chemical Composition	Proprietary	
Conditions for Use	The residues should be removed after soldering by immersion in hot or cold water.	
Physical Properties	Liquid flux	
Forms of Supply	250ml, 1l pots
