

Solda-Met™ 99C

Lead-Free Soft Solder

Solda-Met™99C is a lead free solder and has a short melting range leading to good flow properties.

Standard	ISO 9453:2014	Alloy No. 401
Melting Temp	230°C - 240°C	
Chemical Composition	Tin 99% Copper 1%	
Conditions for Use	For use with a separate flux, Solda-Met 1C, 2C, 3C or with a flux core	
Physical Properties	Density - 7.3 g/cm ³	
Forms of Supply	Available as solid wire or with a flux core of either rosin or acid fluxes
